InnoFoodDelivery

Innopolis 2K19

Interview process

- We had a few questions, that were too technical
- Few questions dropped out, because of previous answers
- Some questions seemed useless, when we was making requirements
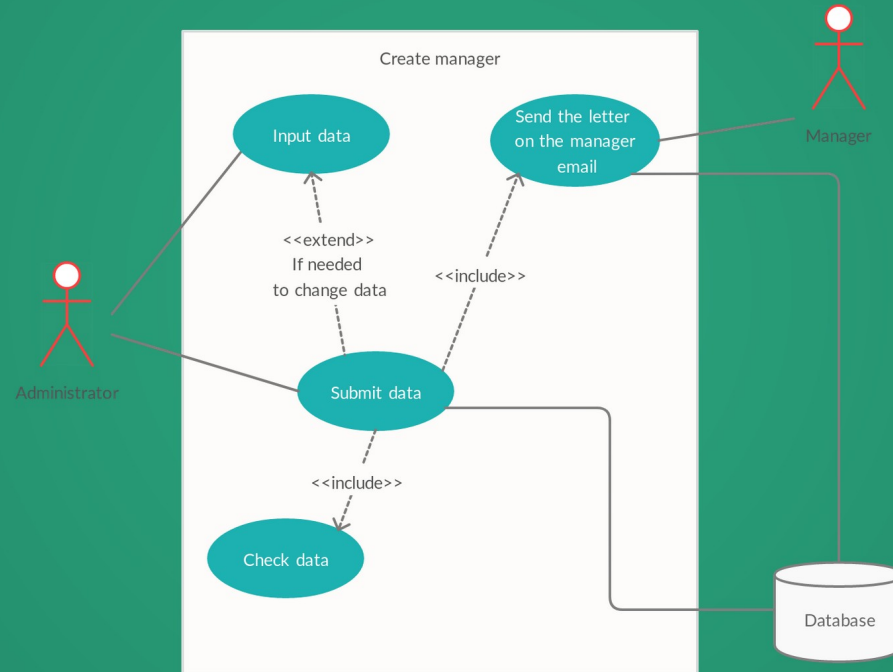

Merge conflicts

- Scalability
- Payment system
- Grading for dishes
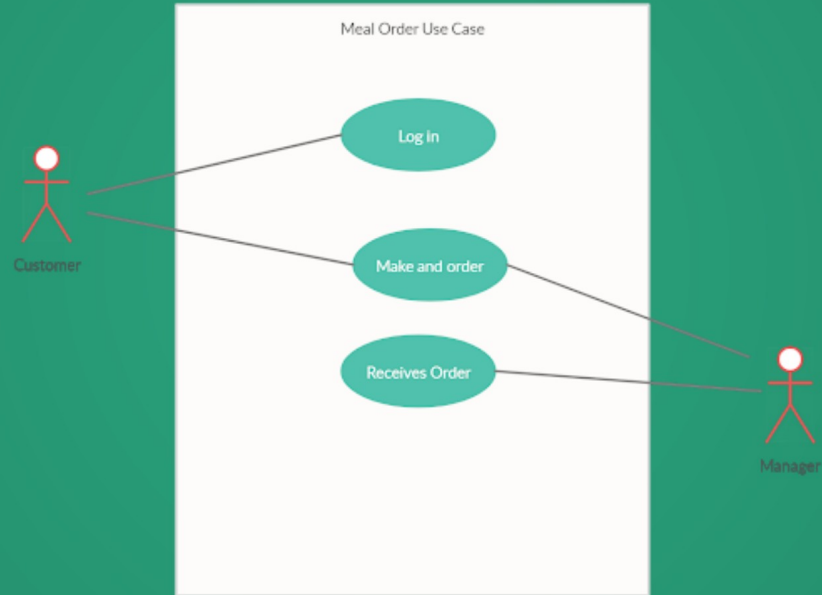

Create cafe

Create manager

Create dish

Create menu

Make order

Lessons learned

- Ask less technical questions
- A bit more general questions
- Try to make an interview with few stakeholders in one time(to avoid conflicts between interview data)
